KIWI ENERGY

1. Agreement to Sell and Purchase Energy. This is an agreement between Kiwi Energy NY LLC (“Kiwi Energy”) and the undersigned customer (“Customer”) under which Customer shall initiate natural gas and/or electricity service and begin enrolment with Kiwi Energy (the “Agreement”). Subject to the terms and conditions of this Agreement, Kiwi Energy agrees to sell and deliver, and Customer agrees to purchase and accept the quantity of natural gas and/or electricity, as estimated by Kiwi Energy, necessary to meet Customer’s requirements based upon consumption data obtained by Kiwi Energy or the delivery schedule of the Local Distribution Utility (the “LDC”). The amount of natural gas and/or electricity delivered under this Agreement is subject to change based upon data reflecting Customer’s consumption obtained by Kiwi Energy or the LDC’s delivery schedule. The LDC will continue to deliver the commodity supplied by Kiwi Energy.

2. Term. For Variable Rate service this Agreement shall commence as of the date Customer’s notice regarding the change of Customer’s provider to Kiwi Energy is deemed effective by the LDC, and shall continue for 30 days thereafter (the “Initial Term”). Unless otherwise agreed to in writing, upon completion of the Initial Term, this Agreement will renew on a month-to-month basis with a monthly variable rate methodology with no change to the remaining terms (the “Renewal Term”). When receiving service on a month-to-month basis, either party may cancel or terminate this Agreement by providing 30 days’ advance written notice of termination to the other party.

3. Pricing, Billing, and Termination. Unless otherwise agreed to in writing, the price for all natural gas sold under this Agreement shall be a variable price which shall reflect the cost of natural gas obtained from all sources (including energy, capacity, settlement, ancillaries), related transmission and distribution charges and other market-related factors, plus all applicable taxes, fees, charges or other assessments and Kiwi Energy’s costs, expenses and margins. Unless otherwise agreed to in writing, the price for all electricity sold under this Agreement shall be a variable price which shall reflect the cost of electricity obtained from all sources (including energy, capacity, settlement, ancillaries), related transmission and distribution charges and other market-related factors, plus all applicable taxes, fees, charges or other assessments and Kiwi Energy’s costs, expenses and margins. Kiwi Energy’s current and historical prices are not an indicator of Kiwi Energy’s future prices. Kiwi Energy does not guarantee any savings. Unless otherwise agreed to in writing, Kiwi Energy’s prices may be higher or lower than the LDC’s supply rate.

Kiwi Energy will invoice Customer monthly for natural gas and/or electricity delivered under this Agreement, as measured by the LDC, and Customer will pay each invoice in full within 20 days of the invoice date or be subject to an LDC late payment charge of 1.5% per month. Customer may receive a single bill for both commodity and delivery costs from either Kiwi Energy or the LDC, or each of the LDC and Kiwi Energy may invoice Customer separately. Customer payments remitted in response to a consolidated bill shall be pro-rated (when so required) in accordance with procedures adopted by the New York State Department of Public Service (the “DPS”). Kiwi Energy may assign and sell Customer accounts receivable to LDC. In the event of failure to remit payment when due, Kiwi Energy may terminate commodity service and seek suspension of distribution service in conformance with the Home Energy Fair Practices Act (“HEFPA”). A \$30 fee will be charged for all returned payments.

4. Supply Rewards. Kiwi Energy will provide to Customer EITHER a “7% Ecogold Rewards OR a “5% Cash Back” of the Kiwi Energy natural gas and/or electricity commodity supply charges for active accounts as chosen by the customer as indicated on the front of this application following the commencement of natural gas and/or electric commodity service under this Agreement. Active accounts are defined as those (i) that are billing more than \$0 and (ii) for which Kiwi Energy has not received a request on behalf of the customer to discontinue service.

- (i) The 7% Ecogold Rewards will be 7% of the ESCO natural gas and/or electricity commodity supply charges billed by the LDC on behalf of Kiwi Energy under the consolidated bill, exclusive of sales taxes and LDC

delivery, transportation, and transmission charges. The Ecogold Rewards will initially be awarded once the reward is equal to \$25. All subsequent rewards will be awarded once the reward is equal to \$50.

- (ii) The Cash Back will be 5% of the 12 month consecutive ESCO natural gas and/or electricity commodity supply charges billed by the LDC on behalf of Kiwi Energy under the consolidated bill, exclusive of sales taxes and LDC delivery, transportation, and transmission charges. Customer must remain with Kiwi Energy for 12 consecutive billing cycles to receive any Cash Back. The Cash Back must be mailed to the customer within 60 days following each 12 month billing cycle that Customer takes service from Kiwi Energy.

5. Renewable Energy Certificates. Kiwi Energy's Ecogold plan Kiwi Clean ensures that electricity equal to 100% of the customer's electricity usage is offset by Renewable Energy Certificates (RECs) sourced from national renewable resources such as hydro, wind and solar. Kiwi Energy may take up to 12 months after the end of each calendar year under which this agreement is in effect to address any deficiency that may arise in the renewable content of electricity sold under this agreement in the previous calendar year. Kiwi Energy does not guarantee that this product will be offered in the future or on a continuing basis and will notify customers 3 months in advance via the Kiwi Energy website if Kiwi Energy is no longer able to purchase renewable energy credits.

Kiwi Energy's Ecogold plan Kiwi Green ensures that electricity equal to 100% of the customer's electricity usage is offset by RECs sourced from New York renewable energy sources such as hydro, wind, and solar. Kiwi Energy may take up to 12 months after the end of each calendar year under which this agreement is in effect to address any deficiency that may arise in the green renewable content of electricity sold under this agreement in the previous calendar year. Kiwi Energy does not guarantee that this product will be offered in the future or on a continuing basis and will notify customers 3 months in advance via the Kiwi Energy website if Kiwi Energy is no longer able to purchase renewable energy credits.

Kiwi Energy's Ecogold plan Zero Gas ensures that Kiwi Energy offsets the carbon impact of the natural gas you consume by purchasing carbon credits. The carbon credits come from projects such as forestry, landfill gas capture and conversion. Kiwi Energy may take up to 12 months after the end of each calendar year under which this agreement is in effect to address any deficiency that may arise in the carbon offset content of gas sold under this agreement in the previous calendar year. Kiwi Energy does not guarantee that this product will be offered in the future or on a continuing basis and will notify customers 3 months in advance via the Kiwi Energy website if Kiwi Energy is no longer able to purchase carbon credits.

6. Assignment. Customer may not assign its interests in and delegate its obligations under this Agreement without the express written consent of Kiwi Energy. Kiwi Energy may sell, transfer, pledge, or assign the accounts receivable, revenues, or proceeds hereof, in connection with any financing agreement, purchase of accounts receivables program or billing services agreement, and may assign this Agreement and the rights and obligations there under, to another energy supplier, energy services company or other entity as authorized by the DPS.

7. Information Release Authorization. Customer's execution of this Agreement shall constitute authorization for the release of this information to Kiwi Energy. This authorization will remain in effect during the Initial Term and any Renewal Term.
